Joelle,

Mr. Hansen told me that John Blake had released him from this site in Duchesne County. He finished up at this site some years ago. We need to check our files for John's release letter or call John for it. He was annoyed that we keep sending him letters & wants to be done with this. He thought that when he took care of things with John Blake he was finished.

I told Mr. Hansen I would document our phone conversation today regarding his request to close this file out. I told Mr. Hansen he did not need to complete the annual report (again). With respect to the permit fee letter I told him to check the box requesting an inspection. I told him this site is on my list of files to close out.

PLEASE SEND A COPY OF THIS TO FILE S/013/001
